

JOAO VICTOR MARINHO CORREA

9614 Waterview Way, Parkland, Florida 33076

☎ 754-303-2370 ✉ jvictormarinhocorrea@gmail.com

Education

Florida Atlantic University

Bachelor of Science in Computer Science

May 2022

Boca Raton, Florida

Relevant Coursework

- Data Structures
- Internet Technology
- Microprocessor Systems
- Artificial Intelligence
- Systems Programming
- Logic Design

Experience

Katz Logisitics

May 2020 – August 2020

Data Processor

Plantation, Florida

- Responsible for gathering data from factories and distributors, then tasked with reorganizing data in excel and then later into to word press application.

Projects

Snake Game | *Python, PyGame*

January 2020

- Developed a snake and game in pygame and python, Snake is a simple game where as you eat the apple you increase in size and your score increases, and I also included a leaderboards.

Digital Lab Analyzer | *Quartus*

November 2020

Created schematics and wavelength simulations in Quartus in order to test logic gates application.

Used simplification of Boolean expressions to design a combination circuits, design with SSI and MSI logic ICs including PLDs.

Technical Skills

Languages: Python, JavaScript, C, C++ , HTML/CSS, JavaScript, SQL

Developer Tools: PyGame, VS Community, VS Code, Eclipse, WinSCP, Slack

Technologies/Frameworks: Quartus II, Linux, GitHub, JUnit, WordPress
